I'll call you at 11 (ie, in 40 minutes) if that works.

I missed you previous email from Friday. I am available anytime today and much of this week. If you want to call me, my phone number is 706 355 8227. If you email me a time when you plan to call, I can be prepared. Or I can call you at a time of your choosing.

Thanks,
John

Dear John,

Do you have some time this afternoon or Monday for a telephone call to discuss your paper, "Nontargeted mass-spectral discovery of novel PFAS & their use to fingerprint legacy PFAS in New Jersey"? I just want to better understand a few issues surrounding the refusal(?) of Solvay to provide reference samples, as that will help us disentangle the science from the legal thicket here.

thanks,

Jake
